

Respina Diesel CI-4

Multi-grade API CI-4 diesel engine oil

Description

Respina diesel CI-4 oils are high performance heavy-duty diesel engine lubricants produced with the combination of high quality semi-synthetic base oil and an advanced additive package. They are suitable for high quality and low emission technology, supercharged and turbocharged diesel engines. A suitable SAE grade can be selected based on the diesel engine requirements.

Specification and Approvals

- API CI-4, API CH-4, API CF
- ISIRI 11381

Advantages & Benefits

- Excellent anti-wear and anti-corrosion characteristics
- Improved low temperature start-up lubrication
- Excellent detergency and dispersancy
- Viscosity protection at high operation temperature

Typical Data

Property	15W-40	20W-50	Test method
Viscosity at 100°C	15.5	19	ASTM D445
Viscosity Index	140	125	ASTM D2270
Flash Point °C	+210	+220	ASTM D92
Pour Point °C	-27	-27	ASTM D97
Density kg/m^3	875	885	ASTM D4052

❖ Respina Diesel CI-4 oils are formulated and produced in RESPINA LUBRICANTS blending site and presented data is based on standard tests under laboratory conditions and is given as a guide only.
