

Respina Diesel CD

Mono-grade API CD diesel engine oil

Description

Respina diesel CD are high performance mono-grade diesel engine oils formulated from advanced technology mineral base oils and a balanced additive system. They are recommended for use in supercharged, naturally aspirated diesel engines and a wide range of on & off road equipment.

Specification and Approvals

- API CD, API CC
- INSO 22260

Advantages & Benefits

- Good thermal stability and oxidation resistance
- Good anti-wear and anti-corrosion ability to protect diesel engine
- High alkalinity to neutralize the acidic products of fuel combustion
- Minimizing fuel and oil consumption

Typical Data

Property	SAE 10	SAE 30	SAE 40	SAE 50	Test method
Viscosity at 100°C	6.5	12	15.5	20	ASTM D445
Viscosity Index	90	90	90	90	ASTM D2270
Flash Point °C	+200	+225	+235	+240	ASTM D92
Pour Point °C	-30	-18	-12	-9	ASTM D97
Density kg/m^3	880	890	895	900	ASTM D4052

❖ Respina Diesel CD oils are formulated and produced in RESPINA LUBRICANTS blending site and presented data is based on standard tests under laboratory conditions and is given as a guide only. These characteristics are typical of current production and acceptable variation may occur.
